LONDON, Thursday, August 26 (delayed by censor).—A dispatch to the Central News from Amsterdam says: "A semi-official telegram from Berlin states that the British minister at Bucharest has asked the official newspapers there to declare that the German official report of August 18 was 'invented.' This report referred to an attack by German torpedo boats near Hornsby Lightship off the Jutland coast August 17, when a small British cruiser and a British destroyer are stated to have been sunk."

## WAR OFFICIALLY REPORTED

## AUSTRIAN STATEMENT.

VIENNA, via London, August 28.—Russian war theater—Our armies in East Galicia yesterday broke through the Russian front at several points on the Zlota Lipa river, which the Russians for many weeks have been engaged in fortifying. East of Przemyśl and west of Podhajczyk and Monasterzyska we penetrated the hostile lines between Gdow and Brzezany we took Russian positions extending over a front of thirty kilometers.

Austro-Hungarian regiments stormed the Russian positions between Gdow and Pustajow, the allied troops took positions near Brzezany. We captured twenty officers and 6,000 men. Hostile counterattacks were repulsed. The enemy began a retreat along the whole front this morning.

East of Vladimir-Volynsk (southern Russian Poland) heavy fighting took place. The army of Gen. von Puhallik threw back the Russian attack in the direction of Lutsk, whether they are pursuing him. North of Pripiet the allied troops are pushing the Russian forces from the south and west. Austro-Hungarian forces fighting near Kamieniec-Litovsk, the district of the front, the Russian front and east of the town.

## FRENCH STATEMENT.

PARIS, August 28.—In the region of Nieuport, Hetsas, to the north of Arras and to the east of the road to Lille, the German troops have been repulsed. A fight in which bombs and mortars were used has taken place in the neighborhood of Nieuport. Artillery fighting is reported in the Argonne, where our batteries have repulsed the German attack. Bombing, at La Fille Morte, at Marie-Therese, at St. Hubert and at Four de Paris.

**CHRIST CHURCH TO HOLD  
AN EXPANSION IN CONGRESS**  
President Sharp Will Illustrate Use of Movies in Services to Build Up Congregations.

HAMMOND, Ind., August 28.—The second national church efficiency and expansion congress is to convene in Hammond tomorrow, bringing together clergymen and leading laymen of the Disciples of Christ Church of the United States and Canada. The congress, which will be in session until September 3, represents a departure from the delegate church convention that the disciples have heretofore patronized. It is estimated the attendance this year will be 2,500. Reservations have been made for more than that number.

The congress will be divided into five sections. P. H. Washburn of Canton, Ohio, is dean of the school of evangelism and expansion; J. E. Sturgis of Menasha, Wis., is dean of the school of singing; W. S. Buchanan of Union City, Ind., is dean of the school of church efficiency, and E. J. Meacham of Cincinnati is dean of the school of Christian education. Rev. Cecil J. Sharp of Hammond is president of the congress. He was selected as the congress city because of the great activity of Rev. Mr. Sharp, who came here two years ago as a college student. Mr. Sharp patched the roof, washed the windows and repaired an old dilapidated church building about to be abandoned by the few remaining members of its congregation. He then set about removing the third, second and first mortgages. He built the congregation up to a membership of 1,200 after having preached on the first Sunday to two men, six women and their children. He adopted the motto, "Plant a church a year," and the Hammond church is parent to nine other congregations in the neighboring cities and communities as a result.

**Minister a Hustler.**  
Rev. Mr. Sharp established a Sunday school base ball team and acts as manager; stages an opera every year; operates a building and loan association with the congregation; conducts a real estate exchange; has a "barn-raising" crew, which goes forth and builds a church building complete between sunrise and sunset, and when the congress is in session will show the ministers the virtues of the moving picture in church services.

Three special trains will bring congress attendants from Cincinnati, Ohio; Kansas City, Mo.; Des Moines, Iowa, respectively. Parties have been formed in Canton, Ohio; Springfield, Mo.; Des Moines, Iowa; Cleveland, Ohio, and special cars will be reserved. There will be sixteen simultaneous sessions of the congress every hour of the day except at times set aside for assemblies and lectures. For the latter three churches are to be used.

F. W. Burnham of Cincinnati, Ohio, is to speak on "Our Pleas and the World Crisis." Other lectures and topics for the "Foreign Peoples in America," D. E. Olson, Minneapolis, Minn.; "Preach the Word," J. A. Loring, Portland, Ore.; "The Call of the Century Church," Oscar L. Kelley, Terre Haute, Ind.; "The Restoration Movement," R. J. Radford, Durban, N. S.

There are thirty platform lecturers and more than a hundred classroom instructors.

C. J. Sharp of Hammond, Arthur Higby of St. Paul's Episcopal Church, Chicago, and J. H. Smith of Little Rock, Iowa, will speak Thursday forenoon, and the congress visitors are then to be taken in 500 automobiles to the steel mills at Indiana Harbor and Gary for a tour of inspection.

Mrs. T. W. Thacker, New Castle, Ind., widow of the millionaire oil operator; Mrs. A. R. Atwater of St. Louis, Mo., president of the Christian Women's Benevolent Association, and other prominent women will be present.

David R. Johnson, injured.

David R. Johnson, twenty-eight years old, 629 2d street northeast, employed as a driver in the Baltimore and Ohio railroad shop at Ivy City, was caught between two engines last night and seriously injured. He was taken to Providence Hospital. The injured man asked that his sister, Mrs. Elmer Decour, a resident of Belmont, Mo., be notified of his condition.

## In the direction of Friedrichstadt

stubborn fighting continues, the enemy attempting to break through the railway from Kreuzburg and Mitau in the direction of Vilna on the right bank of the Vistula and also between the Vistula and the Niemen. Thursday and Friday the German offensive was checked by counter attacks on the middle Niemen, and also on the front between the Bobr and Pripiet.

Yesterday our retreat continued with rearward fighting, the offensive being concentrated in the direction of Bialystok and along the western border of Belovestskaja and Puziska, and also toward Kobrin.

On the right bank of the Bug Thursday the enemy started an offensive movement from Vladimir-Volynsk toward Torchin, Lokachi and Forstok. On the Upper Bug river, the Zlota Lipa and the Dniester Friday night and today the enemy attempted to attack in many places, and in the west of the town of Podgaitz, where he got a footing on the left bank of the Zlota Lipa.

Army group of Field Marshal von Baur. This army group is penetrating into the Bielovestsk forest and across the Lesnawpawa, the lower eastern bank of which already had been captured.

Army group of Field Marshal von Mackensen. In the pursuit of the enemy the high road from Kamieniec-Litovsk to Myzyozzev has been crossed. Between Muchawiec and Pripiet yesterday at Samary, on the road from Kovel to Kobrin, the German cavalry defeated an enemy cavalry division yesterday at Samary, on the road from Kovel to Kobrin.

Southeastern theater of war: Under the leadership of Gen. Count Bothma German and Austro-Hungarian troops yesterday broke through the Russian positions on the Zlota Lipa river north and south of Brzezany. Counter attacks at night by the enemy were repulsed, with sanguinary losses. Early today the enemy abandoned resistance after further failures. The enemy is being pursued.

**ITALIAN STATEMENT.**  
ROME, August 28, via Paris, August 28.—Details of our success in the Strya valley show that the enemy suffered severe losses, leaving in our hands a great quantity of machine guns, ammunition and sixteen cases of bombs.

An important force of the enemy at Saccarant and Pozzi Aira suffered heavily, some guns being destroyed and those remaining being transferred to other positions outside the defense works from where they still reply to our fire.

The enemy continued yesterday an artillery action against Borgo in the Balcanian region, doing little damage, and tried to attack in force our positions at Seikofel in the valley of Monte Piano, north of Misurina and Zellankofel, west of Montecroce and Carnio, but everywhere were repulsed.

In the Plezzo zone our artillery operated effectively against the enemy's positions in the Strya valley and against columns on the march along the route to the Upper Isonzo, interrupting their advance. On Carso we also effectively bombed the enemy's skirmishes near Dobrodo lake and on marching columns between Dobrodo and Lavento.

Among materials taken by us in trenches captured August 26 at Monte Sero we found two apparatuses supposed to be for inflammable liquids.

**RUSSIAN STATEMENT.**  
PETROGRAD, August 28, via London, August 28, 1:05 p.m.—In the Riga region there is no change.

NEW ORLEANS, August 28.—Three patrol boats of the Louisiana conservation commission, each with a one-pound cannon mounted on its deck, today were ordered by the commission to proceed to Lake Borgne and the Louisiana marsh territory to protect licensed shrimp fishermen.

The action was taken after receipt by the commission of reports that an armed body of men alleged to have been striking members of a shrimp fishermen's union from the territory around Biloxi, Miss., had taken away non-union fishermen's nets and seines and were intimidating the workers in Louisiana waters.
